Dear Mr Junker

**We have worked out your child maintenance payments**

An application for child maintenance has been made by Ms Urszula Cholewinska for the following child:

Natasha, born on 17 June 2022

You were named in the application as the paying parent and are legally responsible for paying child maintenance from **14 August 2024**. By law, both parents are responsible for the costs of raising their children, even if they do not see them.

We have now worked out how much child maintenance you must pay.

**Your payment plan**

This is a summary of your regular child maintenance payment arrangements until 14 August 2025.

The table below tells you how much child maintenance you should pay and when to pay it.

First payment date	16 September 2024
Payment amount	£57.16
Payment due	Monday
Payment frequency	weekly
Last payment date	18 August 2025
Service type	Direct Pay
Payment method	Direct payment between parents
Total annual payment amount	£2,857.95

Even though child maintenance may be paid weekly or monthly, child support law says we have to work it

The Child Maintenance Service is part of the Department for Work & Pensions. The service administers the statutory Child Maintenance 2012 scheme.
